FOR DISMISSAL#1832-6-84-(CTS.#1,2,3,4,5,6,7,8,11,12,13,)

DISMISSED ON MOTION OF THE PROSECUTOR PURSUANT TO PLEA AGREEMENT OF 12/10/84.....

STATEMENT OF REASONS, R. 3-21-4

1. That the defendant should be punished for the serious crimes he committed.
2. That sufficient punishment should be imposed upon the defendant, to demonstrate to the general public, what is in store for those members of our society, who resort to such criminal conduct in the future, as the defendant did in this case.
3. That sufficient punishment should be imposed upon the defendant, to demonstrate to said defendant, what is in store for him, should he continue to resort to such criminal conduct in the future, as he did in this case.
4. That the defendant either knew, or should have known, the vulnerability of the victims, while he was committing the crimes in question.
5. I find that a lesser sentence, than a custodial sentence, for the defendant's criminal conduct in this case, would depreciate the seriousness of the crime the defendant committed in this case.
6. I find that the Adult Diagnostic and Treatment Center has determined that the defendant falls within the purview of the New Jersey Sex Offender Act, in that the defendant's conduct in this case was characterized by a pattern of repetitive compulsive behavior.
7. I find that based upon the defendant's criminal conduct in this matter, and everything else that is before me, that the defendant is in need of a program of specialized treatment for his mental condition, and that such treatment can only be provided effectively to him, by a substantial custodial commitment, to the Adult Diagnostic and Treatment Center at Avenel.
8. I find that based upon the defendant's criminal conduct in this matter, and everything else that is before me, that there would be an undue risk to the public, if the defendant were permitted to remain in society, without first undergoing a program of specialized treatment for his mental condition in that the defendant would continue to commit the type of crime in the future, that he committed in this case.
9. That the defendant should be punished by the imposition of consecutive sentences, separated for each of those victims, the defendant committed crimes against in this matter.
10. I find and I am clearly convinced that in giving due regard to both the aggravating factors and the mitigating factors that may exist in this matter, that the aggravating factors, as just enumerated, are not substantially outweighed by the mitigating factors, in favor of a non-custodial sentence, for the crimes in question.

Dear Charlie:

Thank you for dropping me a note concerning the above-named individuals. I am sure you were most confused in getting this letter so let me give you a little explanation.

These individuals both lived in Nutley and were involved in scouting with Council 333. This all took place before the council merger was completed.

These individuals have been charged with sex offenses and we would like to know the outcome of any legal action which took place. It would be very helpful to us to determine if sentencing took place and what the sentencing involved. The original cases started in 1983 and there was communication with the council during '83 and '84.

If you can help us with this, we would most appreciate it so we can close our files.

Jury indicts 2 men in Nutley sex cult case

By Carey Londner
Of The Herald-News

Two Nutley men, who authorities say were connected to a satanic cult involving sex with township boys, were indicted Thursday by an Essex County grand jury.

John Sileo, 23, of Bloomfield Avenue, and his friend Michael Abidiwan, 19, of Beech Street were charged in a 14-count in-

dictment with endangering the welfare of children and aggravated sexual assault. Sileo also was charged with making terroristic threats.

Sileo is in Essex County Jail in lieu of \$50,000 bail. Abidiwan is free on bail.

Police charged them with sexual assault on four Nutley boys, ages 9 to 15, after their arrest last November. Sileo, identified as

the cult leader, is charged with threatening a girl who witnessed some of the sexual episodes, according to Essex County Assistant Prosecutor Martin Lieb.

Authorities said the pair used Sileo's apartment, where the boys were whipped, chained, had wax burned upon their bodies and were forced to act like dogs, wearing collars and lapping milk from bowls.

Police said they found several guns licensed to Sileo in the apartment, handcuffs, chains, whips, a dog collar, red and black capes, a rubber mask with horns, sexually oriented material, plastic skulls bearing candles, a satanic bible and a book called "The Mark of Lucifer."

The youths were lured into the group through Sileo's position as

a Boy Scout and community leader, police said.

Police said drugs and alcohol were also used in the recruiting effort. They said the cult operated for two years and wasn't discovered until last November when the parents of some of the children learned what was happening and reported it.

Nutley Police Capt. Donald Casciano said that about seven or

eight youths gave statements once the cult was broken.

Lieb said he expects no more arrests of cult members in Essex County, although the investigation is continuing there. However, he said there may be other similar groups in New York City and elsewhere in the country.

Both men could spend life in prison if convicted of all charges.

Dear David:

For several months I have written you concerning the above named individuals. We have asked that Confidential Record sheets be sent to us so that we would have information which would enable us to identify the individuals should they try to register with the Boy Scouts of America. To date we have not had any response.

If it is felt that these individuals could be a danger to youths with whom they are associated, then we certainly should place them on our Confidential File and refuse registration. I need more information from you in order to do this.

I hope you will contact me if you have any questions. We would like Confidential Record sheets and also a standing of any legal action which may be taking place.

Dear John:

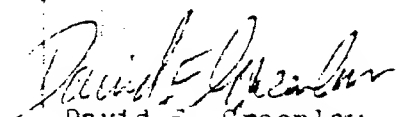

After careful review, we have decided that your registration with the Boy Scouts of America should not be accepted. We are therefore compelled to request that you sever any relations that you may have with the Boy Scouts of America.

You should understand that BSA leadership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to refuse registration whenever there is a concern that an individual may not measure up to the high standards of leadership which the BSA seeks to provide for American youth. Please also understand that this decision and the reasons for it will be maintained as confidential.

If you wish to have this decision reviewed, please write to me, explaining your version of the facts supporting your claim that your registration as a BSA leader should be granted or reinstated.

Gentlemen:

The enclosed news article refers to Mr. John Sileo, 168 Bloomfield Ave., Nutley, NJ 07110, Birthday May 1961, formerly registered as a Den Assistant in Pack 145, sponsored by Radcliff School PTA, Nutley, from October 1980 to October 1981.

Mr. Sileo has been denied registration locally due to a Neurological Impairment which causes difficulty in relating and functioning as an Adult Leader. We did not and could not find any indication of moral problems as indicated in this article. Pack 145 registered him as an Assistant; however, soon after registration, did not allow him to continue in their activities. His problems were reviewed with the Nutley Family Services Agency over the past 3½ years and we have avoided registering him except for this aforementioned period since he was a Scout in Troop 159, a Troop for the mentally handicapped, when he was under 18 years of age.

Michael Abidiwan is an Eagle Scout as of July 29, 1982, and is currently registered as an Assistant Scoutmaster in Troop 147, sponsored by Franklin Reformed Church, Nutley, N.J. until February 1984.

I have informed their Troop Leaders and Church Pastor that we are suspending his membership and requesting his membership card and Eagle credentials and badge be returned.

The Detective in charge of this case will furnish additional information including both men's description in the first week of December and I will forward the full report to you at that time.

Nutley cultist facing new sex charges

Further charges will be filed against a 22-year-old man arrested last week in connection with a devil-worshipping sex cult involving at least 35 teenagers, Nutley police said yesterday.

"At this point, this is far from over," Acting Police Chief Robert DeLitta said.

John Sileo of 168 Bloomfield Ave. was arrested after police raided his home and confiscated various drug paraphernalia and sexually oriented material, DeLitta said. Also taken from Sileo's residence were three rifles and two handguns, which police said Sileo legally possessed.

Sileo was charged with three sex offenses and is being held in the Essex County Jail, Newark, in lieu of \$75,000 bond.

...

An investigation into Sileo's activities was started three weeks ago when some of the parents of the teenaged victims complained to police, DeLitta said.

Sileo lured his victims, who ranged from 15 to 17, with drugs and alcohol, said Det. Sgt. John Holland, in charge of the investigation.

"I realized we were becoming a cult," Holland quoted one of the female victims as telling him. He said Sileo apparently used a form of devil worship as an initiation ritual. Found in Sileo's home was a crimson-colored robe and a pair of horns, Holland said.

Sileo had been involved with the Boy Scouts in Nutley and been associated with other civic organizations, Holland said.
